#### INTRODUCE A NEW MEMBER

If a current BMAA member introduces you as a new member to the BMAA the current member can claim a £10 reward when you become a full member (i.e. not YP, SP, Temp). If you have been introduced by a current member please ask them to fill in the details requested below so that we can forward their £10 to them.

Name of member ..... BMAA Number ..... Signature .....

For Student Pilot membership only. Microlight Instructor's confirmation that applicant is under training. Please tick box.

#### NOTES ON VOLUNTARY CONTRIBUTIONS

##### BMAA Fighting Fund

The BMAA council has resurrected this fund. In years gone by it was an essential part of our battle to build up our Association. Today we have many of our flying sites under threat from all quarters, and collectively we can help to keep them open and create new sites. Legal fees can be horrific and site operators, be they club members or individuals, on their own can rarely afford to fight off attempts to close sites down. This fund is intended to help keep airfields and strips open and to further the cause of microlighting whenever it is threatened.

##### General Aviation Safety Council (GASCo)

The BMAA, like almost all of the general aviation representative organisations, is a member of and supports GASCo, which meets regularly to address all aspects of safety in general aviation. GASCo produces and publishes the Flight Safety bulletin that is circulated free of charge to every current Flying Instructor in the country, to most flying clubs and every registered owner of a UK-registered aircraft. GASCo is a registered charity and the dedicated team has to be financed by donations. If every BMAA member were to contribute £1 a year with their BMAA Subscription it would go a long way towards ensuring that GASCo's work can continue. No one can afford to ignore it so please include at least £1 with your subscription.

##### Upkeep of British Teams

British teams have been European and World Champions. In order to maintain the strong position of the teams in international microlight competitions additional funding is always required to assist team members with the considerable costs of competing, much of which comes from their own pockets. Members are asked to assist, as are manufacturers and other sponsors. Please make a donation by returning this form with payment. Thank you.
